

FOOD & AGRICULTURE

PRODUCT CATALOGUE 2026

Selected food products, export-ready supply and practical trade coordination.

GLOBAL SOURCING
RELIABLE SUPPLY

A focused portfolio. A structured supply process.

SEPT Global connects selected producers with importers, distributors and food-industry partners. We support the commercial flow from inquiry and packaging discussion through documentation and shipment coordination.

- 01 — Dried fruits & vegetables
- 02 — Olive oil & table olives
- 03 — Pickles & preserved foods
- 04 — Bulk, packaged & private label

HOW WE WORK

01

Requirement

Product, quantity, packaging and destination

02

Sourcing

Suitable supply channels and commercial options

03

Coordination

Documents, logistics and operational follow-up

Every inquiry is reviewed against actual availability and destination-market requirements.

Format confirmed per inquiry

Bulk, packaged and private-label supply

The final format is built around buyer requirements, destination-market documentation and actual producer capability.

- | | | |
|---|----------------------|---|
| 1 | Bulk | Industrial and repacking channels |
| 2 | Packaged | Wholesale and food-service formats |
| 3 | Private label | Format and label discussion per project |
| 4 | Selected nuts | Pistachios subject to availability |

Packaging, documentation & quality coordination

International food trade depends on more than product availability. Each inquiry is aligned with the required pack, specification, documents and shipment conditions.

01

Specification

Product, grade, shelf life and packaging

02

Documents

Invoice, packing list, origin and applicable certificates

03

Inspection

Third-party coordination when required

04

Shipment

Incoterms, freight and operational follow-up

Start with your RFQ.

Tell us what you need, where it should be delivered and which commercial terms you prefer.
